Claims 18-19 are finally rejected as set forth in the Office Action dated 08/19/03

Applicant's arguments filed 03/19/04 have been fully considered but they are not persuasive. Claims 18-19 are product by process claims but not process claims. The only limitation that is claimed in the claims is a vehicle fuel tank. Kleyon shows a vehicle fuel tank and that meets the claimed subject matter. No patentable weight is given to the claimed process. If applicant's intention is trying to rely on the process of making a vehicle fuel tank for patentability, they should be presented in a process claim, not a product by process claim.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire THREE MONTHS from the date of this action. In the event a first response is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this office action will be directed to Examiner
Joseph Moy, (703) 308-1145.
